The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments (attach additional sheets if necessary).

Comments:

I support a solution that promotes all of us to save water on the farms & also cities. We do not need more canals etc but need to practice conserving more water every one! As tax payers we are tired of having to pay for more canals etc we people must practice conservation now before it is too late. Please help us all.
